Example Lender Application Criteria

You will need the following information to apply for a loan from the Bounce Back Loan Scheme (BBLS):

- Company name, address and company registration number
- Turnover for 2019 (estimates can be used)
- Bank business account number and sort code

Please enter the information as it appears on your statements. It's important you do this otherwise the Bank may not be able to process your application.

If you're applying for a Bounce Back Loan but only have a personal current account which you use for your business, you'll need to provide the Bank with a copy of your full 2018/19 self-assessment tax return.

Further details will be provided as part of the application process.
